The State of Infants & Toddlers

1,761 children three years old or younger

- Infants and toddlers living in poverty (defined as living at or below 200% of the Federal Poverty Guidelines—an annual household income of $51,500 for a family of 4): 1 in 2

- Eligible infants and toddlers living at 130% of the Federal Poverty Guidelines accessing publicly funded child care: 10%

- Infants and toddlers receiving health coverage through Medicaid and Healthy Start: 52%

- Of the 72% accessing publicly funded child care, 4% are in high-quality programs (rated a 3- to 5-star in Ohio's quality rating and improvement system, Step Up To Quality)

- Families with infants and toddlers receiving evidence-based home visiting services through the state funded Help Me Grow program: 23%

- 0-3 year olds receiving Early Intervention services: 95%

- 16 infants and toddlers age three and under are in state custody...

- This accounts for 29% of all kids in custody

- Kindergartners entering the classroom ready to learn: 30%

- Economically disadvantaged kindergartners entering the classroom ready to learn: 26%
