The State of Infants & Toddlers

9,121 children three years old or younger

- Infants and toddlers living in poverty (defined as living at or below 200% of the Federal Poverty Guidelines—an annual household income of $51,500 for a family of 4): 1 in 3
- Eligible infants and toddlers living at 130% of the Federal Poverty Guidelines accessing publicly funded child care: 46%
- Infants and toddlers receiving health coverage through Medicaid and Healthy Start: 35%
- Of the 639 accessing publicly funded child care, 53% are in high-quality programs (rated a 3- to 5-star in Ohio’s quality rating and improvement system, Step Up To Quality)
- Families with infants and toddlers receiving evidence-based home visiting services through the state funded Help Me Grow program: 22%
- 0-3 year olds receiving Early Intervention services: 375
- 20 infants and toddlers age three and under are in state custody...
- This accounts for 26% of all kids in custody
- Kindergartners entering the classroom ready to learn: 47%
- Economically disadvantaged kindergartners entering the classroom ready to learn: 34%
